Background and Capabilities

Schuman's Cleaning Service, Inc. (SCS) was founded in 1985 by Heath Schuman. Through the years, SCS has diversified just enough to offer businesses a comprehensive list of professional cleaning services while still maintaining its core business and personal attention.

We know that the cleanliness of your building is a reflection of your commitment to quality and professionalism. The success of our company depends on our ability to make our clients' workplaces not only look clean, but also be healthier environments to work in.

We are committed to fulfilling our clients' needs by providing a full-service partnership for all your building or office cleaning maintenance. SCS offers specialized cleaning services that are custom tailored to meet your needs and budget...no matter what the size or type of your business. SCS has the experience you can trust and cleaning you can depend on.
